

EXCEL[®]

Now available
in Grade 10!

UCRO

Van Beest has expanded the EXCEL[®] grade 10 range with the introduction of the grade 10 Eye grab hooks for 6 mm diameter chain. Other dimensions will be manufactured soon. Grade 10 Eye grab hooks comply with the requirements mentioned in the standard DIN 5692.

These grab hooks can be used to shorten a sling. The throat shaped opening and deep chain pocket will hold the chain firmly in place. The saddle at the bottom of the hook gives full support to the chain link so there is no reduction in WLL.

Please find herewith the latest Van Beest product information including details of these grab hooks. For more information please contact us: sales@vanbeest.com
